BODY OF DODGE HEIR
FOUND FLOATING IN BAY

LITTLE CURRENT, Ont., Sept. 7.
—(UP)—The body of Daniel Dodge,
21-year-old heir to the Dodge motor
car millions, was found floating in
the north channel of Georgian Bay
today by Wesley Ryder, a fisherman.

Dodge fell or jumped from a speed-
boat on Aug. 15 while he was being
taken to a hospital. He had been in-
jured in a dynamite explosion at his
estate near here.

The body was reported to be in
"fairly good" condition and definite-
ly identified.

Ryder, fishing from his tug, notice-
d the body floating just below the
surface. He brought it here in his
boat.

Simon Lake, Bridgeport, Conn., in-
ventor, was preparing to have his
electrically - controlled submarine
towed to the spot where Dodge dis-
appeared. The submarine was ship-
ped here last week to search for the
body.

BIZARRE AUTOMOBILE CON-
TAINS MANY CURIOUS
ARTICLES

Parked on Washington street near
the southeast corner of the court
house square, in this city, yesterday,
was a vehicle which attracted con-
siderable attention from passers-by,
but not a great deal in the way of
voluntary financial contributions,
which was announced as the only
means the proprietors of the car have
of making a living, economically
speaking.

The outfit was a travelling mus-
eum, in charge of two men who dis-
played a remarkable collection of
articles not only in the interior of
the car but also on its outside.

The two men are Claude C. Hale
from Huntsburg, Ohio, and Vern
Lemp, of Sturgis, Mich. The men
have traveled this way since 1912
and have visited twenty-one coun-
tries beside the various states of
the United States and carry the license
plates they used in foreign countries.
They say they have worn out two
Ford cars, two Dodges and 6 Nash
cars, the last of which registered
185,000 miles. The men say they
have been across the nation twelve
times and from Bangor, Maine, to
Miami, Fla., seven times, and from
Vancouver, B. C. to Tia Juana, Mex.
six times.

Their museum is labeled "Hell On
Earth Through War and Crime." They
show a rather gruesome exhibit of
relics and photographs of war and
crime with the head cap and arm
bands claimed to have been used on
twenty-one men in the Ohio State
penitentiary from 1894 to 1921. They
also have a various collection of dag-
gers and guns.

Faculty Change
Is Announced

MISS LEOLA MOORE ON LEAVE
OF ABSENCE FOR YEAR;
SUCCESSOR NAMED

A faculty change effective with
the opening of the city schools next
week was announced today by public
school officials.

Miss Leola Moore, teacher of the
third grade at Third Ward school, has
been granted a year's leave of ab-
sence and her position will be filled
during the coming term by Miss Lela
Bradfield, it was announced.

Miss Bradfield is a graduate of In-
diana State Teacher's college and re-
cently was an elementary grade teacher
in the Phoenix, Ariz., public
schools. Superintendent Paul Boston
today stated Miss Bradfield comes
here with the highest recommenda-
tions. She has been living with her
father near Rockville, and also has
had teaching experience in the
schools there.

Coincident with the new faculty
appointment, school officials an-
nounced that Frank Ross, instructor
of mathematics had been appointed
high school activity fund treasurer
and head of the mathematics depart-
ment to succeed R. E. Michael who re-
signed recently to take a position at
Indiana University.

Glenn Skelton was appointed vice-
principal of the high school, also suc-
ceeding Mr. Michael in that capacity,
school officials announced.

In line with the recent renovation
projects completed in the city
schools, in which complete cleaning
and painting work was finished, the
home economics rooms have been re-
decorated in an attractive motif, it
was announced today.

The gymnasium floor also has been
given a thorough cleaning and a
complete refinishing.

THIRTY THOUSAND LABOR
CORPS RECRUITS PARADE
BEFORE HITLER

SERVE AS STRONG RESERVE

Officials Deny Workers Are Armed;
Nazi Party Congress Reaches
Peak

NUREMBERG, Germany, Sept. 7.
—(UP)—Adolph Hitler, central fig-
ure in the European political crisis,
gave Europe's diplomats a display of
Germany's man power today as he
considered his policy in the Czecho-
slovak minority dispute.

Thirty thousand men of the labor
corps—the men behind the army—
and 2,000 women of the labor corps
paraded before Hitler on the great
zeppelin field.

Diplomats realized that these men
were a first reserve for the 1,000,000
or more soldiers now on maneuvers.
The men of the labor service carried
heavy shovels in the parade. Offi-
cials denied that these men, conscrip-
ted to serve six months or more in
the labor corps as a preliminary to
two years of army service, were
equipped with rifles. Three news-
paper correspondents saw a truck
caravan Saturday, containing more
than 200 labor service men armed
with rifles pass through the street
here.

The labor service parade and drill,
a four hour show, was the main
event of the day at the Nazi party
annual congress.

Behind the scenes, Hitler was con-
fering with Konrad Henlein, leader
of the German minority in Czecho-
slovakia, and with his own advisers
as to his course in the minority
crisis.

It was believed that Hitler might
make a guarded pronouncement on
foreign affairs late today at a recep-
tion to the diplomatic corps which in-
cludes Hugh R. Wilson, American
Ambassador, and Sir Neville Hender-
son, British Ambassador. Tonight
there is a plenary meeting of the
party.

Even in advance of publication,
well informed sources here asserted
that the new "last word" minority
offer of the Czechoslovak govern-
ment was unacceptable. More con-
cessions must be made, it was said.

Mrs. Nettie Lamb
Is Dead In East

SISTER OF THE LATE MRS. J. W.
COLE KILLED BY
BURNS

Word has been received by Edward
Brockway, of this city, from Erie,
Pa., of the death from burns in that
city of Mrs. Nettie Olds Lamb, 84
years old, who was a sister of the
late Mrs. J. W. Cole of this city. Mrs.
Lamb often visited Mrs. Cole at the
home of the latter, on east Washing-
ton street, Greencastle.

The burns were of the third degree,
and were received while she was at
the home of her daughter, Mrs. J.
Douglas Murphy, at Avonia Beach,
Fairview, Saturday. Mrs. Lamb died
in a hospital that afternoon.

Mrs. Lamb was burned about the
entire body when her skirt ignited as
she stood close to an open gas stove.
Her daughter and a maid, who were
in another room, heard Mrs. Lamb's
screams, and hurried to her, wrap-
ping blankets about her body, and
the flames were extinguished, but
fatal injuries had been received by
the aged woman. Funeral services
were held Tuesday from the Saint
Paul's Episcopal Cathedral in Erie,
conducted by Dean F. B. Blodgett,
and interment was at Erie.

Mrs. Lamb had lived her entire life
in Erie, and her sister, Mrs. Cole,
lived there also, until her marriage.

17 Navy Planes
Wing Over Ocean

"ON COURSE" TODAY IN 2570
MILE FLIGHT TO HA-
WAII

HONOLULU, Sept. 7.—(UP)—The
17 new navy bombers, ordered out
of San Diego on short notice yester-
day, presumably to test their effi-
ciency in an emergency, landed here
today after a quick flight from the
mainland.

The first of the planes landed on
Pearl Harbor at 7:09 a. m. PST and
the others were all down safely with-
in a few minutes. The elapsed time
from San Diego was 17 hours 30
minutes, two and a half hours better
than any previous mass flight time
for the 2,570 mile trip.

SAN DIEGO, Cal., Sept. 7.—(UP)—
Seventeen twin-motored Navy pa-
trol bombers carrying 119 officers
and men were reported "on course"
today on a 2,570 miles mass flight
from San Diego to Pearl Harbor,
Hawaii.

Flight Commander Aaron P. Storrs
radioed the squadron's position at 2
a. m. PST (6 a. m. EDT) as 1,640
miles west of San Diego at latitude
25:38; longitude 147:20. A brisk tail
wind enabled them to cover 310 miles
in two hours, the message said.

Less than 10 hours after its take-
off at 1:57 p. m. PST (4:57 p. m.
EDT) yesterday, the squadron passed
the half-way point in its flight to
the islands.

Of the five patrol ships stationed
at intervals along the line of flight,
three, the U. S. S. Simpson, Craven
and Wright reported the 17 planes
had passed overhead during the night
in perfect formation.

Two other Navy ships, the U. S. S.
Sicard and Litchfield, lay farther
along the projected route at 50 mile
intervals to give aid to any plane
forced down in mid-Pacific. Their
searchlights were focused toward the
sky to give aid to the fliers.

A BIBLE THOUGHT FOR TODAY

We are known by what we say; But I say unto you, that every idle word that men shall speak, they shall give account thereof in the day of judgment. For by thy words thou shalt be justified, and by thy words thou shalt be condemned.—Matt. 12:36, 37.

Mrs. J. P. Green, who with her husband recently moved to this city from Roachdale, has a number of Mason fruit jars of the patent of November 30, 1858. One pint jar, which Mrs. Green brought to this office, was given to her 45 years ago during an illness, by a neighbor, the jar being filled with jelly, and that neighbor told Mrs. Green it was old, then.

DRESS SHOPS HEAD TELLS HOW BUSINESS DEVELOPED

ST. LOUIS (UP)—Mlle. Lane Bryant—Mrs. Albert Melsin—revealed here that the national chain of dress shops bearing her name was started 38 years ago in a three-room apartment in New York when she was

forced to provide a living for herself and a six months old son.

Mme. Bryant said her first husband died shortly after the birth of her child. She began making fine tea gowns and lingerie for a wealthy clientele.

"In those days," he said, "I used to work until two in the morning, designing, sewing and delivering. I never gave credit because I wouldn't have had money enough to buy materials for the next day."

After a year Mme. Bryant had enough business to open a small shop. After that, success came swiftly.

The levy for the township fund remains as originally fixed, at 13 cents.

The total of these three funds on his budget is now 78 cents, instead of 93 cents as originally fixed.

nounced by the Associated Railways of Indiana, representing Class I railroads operating in the state.

The railroads' tax contributions to the county, the association said, will amount to 17.2 per cent of all property and poll taxes levied in the county and to 19.0 per cent of the taxes levied in governmental units traversed by the railroads.

In the entire state, the railroads will pay \$6,871,467 in property taxes, amounting to 7.1 per cent taxes levied in governmental units traversed by the railroads and to 6.8 per cent of all property and poll taxes levied in Indiana.

The association divided the amount to be paid in Putnam county as follows:

- For public schools, \$28,551.
- For roads and streets, \$9,974.
- For welfare and poor relief, \$16,707.

For other purposes, \$20,066.

In an explanation accompanying the figures, the association said: "The taxpayers of Indiana, as a taxpaying standpoint, alone, a tremendous stake in the road and a great interest in the policies of equitable public transportation. This interest is in addition to that created by the railroads as a purchaser of Indiana products (more than \$78,000,000 in Indiana purchases last year) or employer and wage-payer (\$8,000 in wages paid in Indiana 1937)."

"In addition to paying taxes," it was pointed out, "the road maintains its own right-of-way—a right-of-way which is a way" producing revenues for the cent instead of depending on taxes for its support."
